The Fifth International Conference on Genetic and Evolutionary Computing

Kinmen August 29 ~ August 30
Xiamen August 31 ~ September 1

ICGEC 2011 is the Fifth International Conference on Genetic and Evolutionary Computing. The conference this year is technically co-sponsored by IEEE, The National Quemoy University, Waseda University, and Kaohsiung University of Applied Science in Taiwan. ICGEC 2011 will be held in Kinmen City, Taiwan with the websites: <http://bit.kuas.edu.tw/~icgec11>. The conference is intended as an international forum for the researchers and professionals in all areas of genetic and evolutionary computing. Proceedings of ICGEC 2011 will be published by the Conference Publishing Service of the IEEE Computer Society. Normally, it will be indexed by IET INSPEC, EI (Compendex), Thomson ISTP, DBLP. Furthermore, extended versions of selected papers will be published in several journals. We invite submissions of papers presenting a high-quality original research and development for the conference tracks: (1) Genetic Computing, (2) Evolutionary Computing, (3) Intelligent Computing, and (4) Grid Computing.
