## Call for Papers <br> Design and Implementation of Control Systems Session Organizer: Professor Kai-chao Yao and Wei-tzer Huang

We are organizing a special session on for ICGEC-2010, which will be held on December 13-15, 2010, Shenzhen, China , provide a forum for presenting some recent development on theoretical and experimental techniques of modeling, analysis, control applications and implementation in electrical engineering. The topics of interest include, but are not limited to:

1. Robust and Reliable Control
2. System Modeling, Analysis, Optimization and Simulation
3. Innovative System Analysis Method
4. Virtual Instrument Design and Control
5. Automatic Measurement Technology
6. Motor Drive Systems Design and Implementation
7. Power system
8. Intelligent Control
9. Innovative Control Course and Curriculum Design
10. Evaluation of Control Course

Submissions:
Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE format with title, author's names, affiliation, email addresses, an up to 150 -words abstract, and a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only and be mailed to kcyao@cc.ncue.edu.tw or vichuang@ctu.edu.tw

## Important Dates:

The deadline for paper submission: May 31, 2010
The date for notification or reviewing result: July 31, 2010
The deadline for camera-ready paper submission: August 31, 2010
