Fourth International Conference on Genetic and Evolutionary Computing
(ICGEC-2010)
December 13-15, 2010, Shenzhen, China

Call for Paper

Invited Session on Intelligent Information Processing for Industrial Applications

Session Organizer: Prof. Jiansheng Qian, Prof. Shiyin Li and Dr. Leida Li

We are organizing an invited session on Intelligent Information Processing for Industrial Applications for ICGEC-2010, which will be held in Shenzhen, China on December 13-15, 2010. This session deals with emerging technologies for industrial applications. Topics of interest include, but are not limited to:

1. Intelligent Algorithms for Danger Warning
2. Image/Video Processing for Underground Environment
3. Object Detection and Warning in Dangerous Areas
4. Particle Filtering Technologies in Object Tracking
5. RFID Technologies for Person Positioning
5. Routing Algorithms in Wireless Sensor Networks
6. Communication in Coal Mines
7. Others related areas.

Submissions:

Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE format with title, author's names, affiliation, email addresses, an up to 150-words abstract, and a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only and be mailed to: Dr. Leida Li at reader1104@gmail.com

Important Dates:

Deadline for paper submission: May 31st, 2010
Notification of acceptance: July 31st, 2010
Deadline for camera-ready manuscript submission: August 31st, 2010
