

Fourth International Conference on Innovative Computing, Information and Control (ICICIC-2009)
December 7-9, 2009, Kaohsiung, Taiwan

Call for Paper

Invited Session on Novel Approaches to Pervasive Applications
Session Organizer: Prof. Bao Rong Chang and Prof. Wan-I Lee

We are organizing an invited session on Novel Approaches to Pervasive Applications for ICICIC-2009, which will be held in Kaohsiung, Taiwan on December 7-9, 2009. It brings together researchers working across this field to share their experience and discuss advanced techniques. Topics of interest include, but are not limited to:

1. Pervasive applications using wavelet technology
2. Pervasive applications using support vector machines
3. Pervasive applications using quantum computing
4. Pervasive applications using fuzzy system, neural network, or grey model
5. Pervasive applications using hybrid intelligent model
6. Pervasive applications using Internet technology or QoS Guarantees
7. Pervasive applications using circuit simulation
8. Pervasive applications using wireless, ad hoc, or sensor network
9. Pervasive applications using embedded technology
10. Other emerging approaches to Pervasive applications

Submissions:

Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE format with title, author's names, affiliation, email addresses, an up to 150-words abstract, and a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only and be mailed to: Prof. Bao Rong Chang at brchang@nttu.edu.tw.

Important Dates:

Deadline for paper submission: May 1, 2009

Notification of acceptance: June 15, 2009

Deadline for camera-ready manuscript submission: July 15, 2009
