August 15 – 17, 2008
Harbin, China

CALL FOR PAPERS

SPECIAL SESSION: *DIGITAL FORENSICS AND DATA HIDING DISCOVERY*

This special session combines advanced research themes in digital forensics, data hiding discovery, steganalysis, as well as steganography. The special session will provide an international forum for researchers and academicians in the fields of foreniscs analysis (identification and collection of digital evidence, forensic-enabled architectures and processes, legal and technical aspects of admissibility and evidence tests, innovative forensic engineering tools and applications), steganalysis applied to different kinds of cover objects as well as innovative steganography techniques.

Full Paper Due Date: Feb 15, 2008

Notification: March 31, 2008

Camera-ready Paper Deadline: April 30, 2008

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more applied related fields in industry and commerce are very welcome. All papers are to be submitted electronically in PDF format to the special session organisers. Details of the required paper format are published at the official IIHMSP08 website (http://bit.kuas.edu.tw/~iihmsp08/).
