

**The Fifth International Conference on
Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP'09)
September 12 - 14, 2009
Kyoto, Japan
Call for Papers**

Special Session: *Intelligent Image and Signal Processing*

This session deals with new technologies for intelligent algorithms and architectures for image and signal processing. This special session combines advanced research themes in multimedia systems, image processing, signal processing, as well as their applications. Topics of interest include, but are not limited to:

1. Image identification and its applications
2. Signal processing and its applications
3. Multimedia applications
4. Embedded VLSI design for multimedia signal processing

Paper submission deadline March 5, 2009

The date for notification May 10, 2009

Camera-ready paper deadline May 31, 2009

Submission of Papers

Papers are invited from prospective authors with interest in this particular special session and related fields. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from related fields in the industry are quite welcome. Details of the required paper format are published at the official IIH-MSP 2009 website (<http://bit.kuas.edu.tw/~iihmsp09/>).
