

**The Fifth International Conference on  
Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP'09)  
September 12 - 14, 2009 Kyoto, Japan: <http://www.iipl.is.ritsumei.ac.jp/iihmsp2009/>**

**Call for Papers**

**Special Session: *Coding and Protocols in Security and Applications***

The special session is intended to foster the dissemination of state-of-the-art research in the area of security protocols, coding implementations, network security, multimedia security, and information intelligence explorations, authentication, cyber-crime and investigations, and digital evidence analysis, digital forensics. Technical topics of interest include, but are not limited to the above-mentioned topics.

The goal of this special session is to bring together researchers from academia and industry as well as practitioners to share ideas, problems, and solutions relating to the multifaceted aspects of *Coding and Protocols in Security and Applications*.

<b>Paper submission deadline</b>	<b>March 15, 2009</b>
<b>The date for notification</b>	<b>May 10, 2009</b>
<b>Due date for Camera-ready preparation</b>	<b>May 31, 2009</b>

Papers are invited from prospective authors with interests in this particular special session and related areas of applications. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from related fields in industry are very welcome. Details of the required paper format are published at the official IIH-MSP 2009 website (<http://www.iipl.is.ritsumei.ac.jp/iihmsp2009/>).

For further information in the special session, please contact to:
