

The Fifth International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIHMSP09)

<http://bit.kuas.edu.tw/~iihmSP09/>

September 12 - 14, 2009

Kyoto, Japan

Special Session CFP:

Advances in Multimedia Signal Processing and Communications

In the past few years, multimedia signal processing and communication over wired/wireless networks has become the driving technology of many novel multimedia applications, such as IP TV, IP telephony, IP Radio, video surveillance, online games, digital learning, etc. It is anticipated that advanced multimedia signal processing and communications will continue to play an important role in the future Internet and to stimulate the creation of many interesting and novel applications. This special session invites submissions of papers regarding all aspects of advances in multimedia signal processing and communications. Topics of interest include, but are not limited to:

- Digital and multi-rate signal processing
- Image/Video processing techniques
- Digital watermarking and data hiding
- Image/Video indexing, search, and retrieval
- Advanced image/video coding algorithms
- Scalable video coding and transmission
- Quality of service support for multimedia over wired/wireless networks
- Cross-layer design and performance optimization

Important Deadlines

- Full Paper Due Date: April 10, 2009
- Notification: May 10, 2009
- Camera-ready Paper Deadline: May 31, 2009

Submission of Papers

Authors should notice that only original and previously unpublished manuscripts will be considered. All papers are to be submitted electronically in PDF format to the special session organizers. Details of the required paper format are published at the official IIHMSP09 website: <http://bit.kuas.edu.tw/~iihmSP09/>

Further Information

Please contact **Special Session Organizers:**

Professor Jen-Wen (J.W.) Ding
Department of Information Management
National Kaohsiung University of Applied Sciences
415 Chien-Kung Road, Kaohsiung, 80778, Taiwan R.O.C.
E-mail: jwding@cc.kuas.edu.tw

Professor Chih-Heng (C.H.) Ke
Department of Computer Science and Information Engineering
National Kinmen Institute of Technology
No.1 University Road, Kinmen, 89250, Taiwan R.O.C.
E-mail: smallko@gmail.com
