SIXTH INTERNATIONAL CONFERENCE ON INTELLIGENT INFORMATION HIDING AND MULTIMEDIA SIGNAL PROCESSING (IIHMSP'10)

October 15-17, 2010, Darmstadt, Germany

CALL FOR PAPERS

SPECIAL SESSION: CROSS-DISCIPLINE TECHNIQUES IN SIGNAL PROCESSING AND NETWORKING

With advances in multimedia communication, both the signal processing and networking techniques become the fundamental of a modern information system. This special session is organized to invite the worldwide colleagues to share their cross-discipline opinions on the following topics (but not limited to):

1. Emerging audio/visual application schemes
2. Content authenticity and forensics
3. Heterogeneous networking and QoS
4. Integration strategies for smart-home / intelligent building
5. Information systems based on sensor networks
6. Interoperation among ad-hoc services

Full Paper Due Date: April 4, 2010
Notification: May 31, 2010
Camera-ready Paper Deadline: July 2, 2010

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more applied related fields in industry and commerce are very welcome. All papers are to be submitted electronically in PDF format to the special session organizer. Details of the required paper format are published at the official IIHMSP'10 website (http://bit.kuas.edu.tw/~iihmsp10/).
