

**SIXTH INTERNATIONAL CONFERENCE ON INTELLIGENT INFORMATION  
HIDING AND MULTIMEDIA SIGNAL PROCESSING (IIHMSP09)**

**October 15 – 17, 2010**

**Darmstadt, Germany**

***CALL FOR PAPERS***

**SPECIAL SESSION: DIGITAL FORENSICS AND DATA HIDING DISCOVERY**

This special session combines advanced research themes in digital forensics, data hiding discovery, steganalysis, as well as steganography. The session will provide an international forum for researchers and academicians in the fields of forensic analysis (identification and collection of digital evidence, forensic-enabled architectures and processes, legal and technical aspects of admissibility and evidence tests, innovative forensic engineering tools and applications), steganalysis applied to different kinds of cover objects as well as innovative steganography techniques.

**Full Paper Due Date:** April 4, 2010

**Notification:** May 31, 2010

**Camera-ready paper submission:** July 2, 2010

**SUBMISSION OF PAPERS**

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more application-oriented fields in industry and commerce are very welcome. All papers are to be submitted electronically in PDF format to the special session organizers. Details of the required paper format are published at the official IIHMSP09 website:

<http://bit.kuas.edu.tw/~iihmosp10/>
