

**The Sixth International Conference on Intelligent Information Hiding
and Multimedia Signal Processing (IIHMSP2010) held on Oct. 15-17,
2010 at Darmstadt, German**

Call for Paper

Special Session on Kernel learning based 3D model retrieval

This session aims on bringing together researchers working across fields such as computer vision, pattern recognition, and multimedia processing, to share their experience and research results in kernel learning based 3D model retrieval. The topics of interest include, but are not limited to:

- 3D Object and event detection, recognition
- Kernel learning based 3D texture classification
- Kernel learning based 3D model retrieval
- Kernel based manifold learning
- Kernel learning based 3D face recognition
- Others

SUBMISSION:

Papers are invited from prospective authors with interests on the related areas. All contributions should be original and not published elsewhere or intended to be published during the review period. Details of the required paper format are published at the official IIHMSP'10 website (<http://bit.kuas.edu.tw/~iihmSP10/>). All papers must be submitted electronically in PDF format only and mailed to junbaolihit@hotmail.com

Important Dates:

Full paper due date April 4, 2010

Notification of acceptance May 31, 2010

Camera-ready copies July 2, 2010

For more information please contact

Special Session Organizer:

Dr. Jun-Bao Li, junbaolihit@hotmail.com

Department of Automatic Test and Control, Harbin Institute of Technology,

No. 92 Xidazhi Street, Harbin, China.
