

**The First Euro-China Conference on Intelligent Data Analysis and
Applications (ECC 2014)**
June 13-15, 2014
Shenzhen, China

CALL FOR PAPERS

INVITED SESSION: Data Security and Its Applications

Data security is an important research issue which keeps data protected from corruption and prevents unauthorized access to websites and databases. To share the experiences of research, development, deployment and maintenance, this special session invites worldwide colleagues to present their contributions in (but not limited)

- | | |
|----------------------------|--------------------------------|
| 1. Data access control | 2. Data integrity check |
| 3. Data encryption | 4. Data digital signature |
| 5. Data privacy protection | 6. Data erasure |
| 7. Data masking | 8. Database security |
| 9. Risk evaluation | 10. Computational intelligence |

Important Date

Deadline of submission: **January 22, 2014**

The date for notification: **February 22, 2014**

The date for camera-ready submission: **March 22, 2014**

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. All submissions should follow **LNCS (Springer) format** with titles, author names, affiliation, and email addresses with **8-10 pages (single column)**. Note that all papers are to be submitted electronically in PDF format to the special session organizer Dr. Tsu-Yang Wu.
