

The First Euro-China Conference on Intelligent Data Analysis
and Applications (ECC 2014)
Special Session on Smart Living Technology
June 13-15, 2014, Shenzhen, China

Because of the innovations from the information and communication technologies (ICTs), it has become an important research issue to use ICTs to enrich modern human living with more happiness. The objective of the special session is to invite authors to submit original manuscripts that demonstrate and explore current advances in all aspects of Smart Living Technology. Authors are encouraged to submit either theoretical or practical articles to this special session. The topics include, but not limited to, the following:

- Living Application of Computer Intelligence
- Internet of Things for Smart Living
- Happiness informatics
- Learning Technology
- Medical/Healthcare informatics
- Smart Grid
- Future Internet and Living
- Living Application of Intelligent device

Important Dates:

- **Deadline of submission:** January 22, 2014
- **The date for notification:** February 22, 2014
- **The date for camera-ready submission:** March 22, 2014

Submission of papers

Prospective authors are invited to submit their full-length papers electronically through the conference website. Each paper has at most 10 pages length and should follow the ECC-2014 format according to Springer format (MS Word, Latex) available at: <http://www.springer.com/series/4240>. All papers must be submitted electronically in PDF format only and be mailed to: Prof. Shih-Pang Tseng at tsp@tajen.edu.tw or Prof. Yuh-Chung Lin at yuhchung@tajen.edu.tw.
