Session Organizer: Prof. Chunxiao Zhao

A special session:

Title: Computational Modeling of Complex Systems

The session on Computational Modeling of Complex Systems for HIS 2009 will be held in Shenyang on August 12-14, 2009. This session will focus on the latest developments in computational modeling of complex systems, aiming at a better understanding complex system ranging from engineering, science, economics and societal systems. Topics of interest include, but are not limited to:
1. Complex Systems: Modeling and Simulation
2. Complex Networks and Agent-based Models
3. Artificial Life and Artificial Society
4. Computational Economics, Science, Pedagogy, etc.
5. Network Control and Management
6. Sensor Network
7. Vehicle Ad Hoc Network
8. Mobile Model
9. P2P network
10. Web Intelligence

Submissions:
Papers are invited from prospective authors with interest on the related areas. Each paper should consist of a title, author's names, postal and email addresses, an up to 150-words abstract, a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only. All papers must be submitted electronically in PDF format only and be mailed to chunxiao@bucea.edu.tw.

Important Dates:
Deadline for paper submission ------ March 1, 2009
Notification of acceptance   ------ April 1, 2009
Final camera-ready papers due ------ May 1, 2009
