Session Organizer: Prof. Baoyan Song

I am organizing a special session on Advanced Data Processing Technology for HIS 2009, which will be held in Shenyang on August 12-14, 2009. It brings together researchers working across this field to share their experience and discuss advanced techniques. Topics of interest include, but are not limited to:

1. Data stream processing
2. RFID composite events processing
3. High performance data mining
4. Web Data Management and Deep Web
5. Data grid management
6. Other emerging approaches to advanced data processing technology

Submissions:

Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE format with title, author's names, affiliation, email addresses, an up to 150-word abstract, and a two-column body with 4 single-spaced pages and with font size at 10 points. All papers must be submitted electronically in PDF format only and be mailed to bysong@lnu.edu.cn.

Important Dates:

Deadline for paper submission ------March 10, 2009
Notification of acceptance ------ April 1, 2009 Final
camera-ready papers due ------May 1, 2009
