

**The Fifth International Conference on Information Assurance and Security
(IAS'09)
August 18-20, 2009
Xi'an, China
Call for Papers**

Special Session: *Cryptography and Its Application*

Cryptography is an important foundation of information security. Recently, in order to against cryptanalysis and side channel analysis, secure algorithms and its implementation must be studied. These algorithms with their implementation perform a lot of applications. The aim of this special session is to provide a forum for academic and industry professionals to publish their research on the algorithms, implementations, and applications of cryptography.

Full Paper Due Date: March 1, 2009

Notification: April 1, 2009

Camera-ready Paper Deadline: May 1, 2009

Submission of Papers

Papers are invited from prospective authors with interests in this particular special session and related areas of applications. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from related fields in industry are very welcome. Details of the required paper format are published at the official IAS 2009 website (<http://www.ias09.org/>). For further information, please contact:

Special Session Organizer:

Dr. Wu-Chuan Yang (wcyang@isu.edu.tw), Department of Computer Science and Information Engineering, I-Shou University, Taiwan
