

**The Fifth International Conference on Information Assurance and Security  
(IAS09)**

**August 18-20, 2009, Xi'an, China**

***CALL FOR PAPERS***

**SPECIAL SESSION: Image Retrieval and Image Analysis**

Image retrieval and image analysis have obtained much attention for different applications. This special session invites researchers to share their experience and results for image retrieval and image analysis.

**Topics of Interest**

(Include but are not limited to the following)

- Content-based indexing, search and retrieval of images
- Web applications about image retrieval
- Image content analysis and understanding
- Semantic retrieval of images
- Learning and relevance feedback in image retrieval
- Query models, paradigms, and languages for image retrieval
- Evaluation of image retrieval systems
- Image analysis topics

**Important Dates:**

**Deadline for paper submission:** March 01, 2009

**Notification of acceptance/rejection:** April 01, 2009

**Deadline for camera-ready manuscript submission:** May 01, 2009

**Submissions:**

Papers are invited from prospective authors with interests in this particular special session and related areas of applications. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from related fields in industry are very welcome. Details of the required paper format are published at the official IAS 2009 website (<http://www.ias09.org/>).

For further information, please contact:

**Special Session Organizer:**

Dr. Ding-Horng Chen(chendh@mail.stut.edu.tw), Department of Computer Science and Information Engineering, Southern Taiwan University, Taiwan
