

**The Fifth International Conference on Information Assurance and Security
(IAS'09)
August 18-20, 2009
Xi'an, China**

Call for Papers

Special Session: *Security in Sensor Networks*

The emphasis of this Special Session will be on the development of theories and methodologies in the field of security in Sensor Networks. It covers all the following topics, but not limited to:

- Security architecture for Sensor Networks
- Secure routing protocol for Sensor Networks
- Key management in Sensor Networks
- Authentication in Sensor Networks
- Energy-aware cryptographic primitives for Sensor Networks
- Secure diffusion for Sensor Networks
- Secure hardware module for Resource Constrained Devices

Full Paper Due Date: March 31, 2009

Notification: April 20, 2009

Camera-ready Paper Deadline: May 20, 2009

Submission of Papers

Papers are invited from prospective authors with interests in this particular special session and related areas of applications. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from related fields in industry are very welcome. Details of the required paper format are published at the official IAS 2009 website (<http://www.ias09.org/>).

For further information, please contact:

Special Session Organizer:

Dr. Liao-Jun Pang (lj pang@mail.xidian.edu.cn), School of Telecommunications Engineering, Xidian University, China
