The Fifth International Conference on Information Assurance and Security (IAS09)

August 18–20, Xi'an City, China

Special Session on Image Processing and Intelligent Control
CALL FOR PAPERS

Organizer: Dr. Yunyi Yan

This special session will provide a forum for the presentation of emerging technologies and their applications in image processing and image communication. To promote the exchange of novel ideas and the newest research, prospective authors are invited to submit their papers. Topics of interest for submission include, but are not limited to

✧ Emerging technologies in pattern recognition
✧ Emerging technologies in image processing
✧ Multi-scale geometric analysis (MGA) and application
✧ Information security and digital watermarking
✧ Information retrieval and information fusion
✧ Image/video coding

Submission

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. All papers are to be submitted electronically in PDF format to the special session organizer. Details of the required paper format is available at the IAS09 official website: http://www.ias09.org/
