

**The Fifth International Conference on Information Assurance  
and Security (IAS09)  
August 18–20, Xi'an City, China**

**Special Session on Image Engineering and Network Security**

**CALL FOR PAPERS**

**Organizer: Dr. Xian-Min Ma**

This special session aims to provide a high-level international forum for scientists and researchers to present the state of the art of image engineering and network security. To promote the exchange of novel ideas and the newest research, prospective authors are invited to submit their papers. Submissions of papers describing original work in, but not limited to,

- ✧ Emerging technologies in Image representation and transforms
- ✧ Content-based retrieval
- ✧ Image and video processing applications
- ✧ Emerging technologies in security of network and information
- ✧ System identification and fault diagnosis
- ✧ Motion analysis & tracking
- ✧ Imaging techniques & 3D imaging

**Submission**

Papers are invited from prospective authors with interests in this particular special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. All papers are to be submitted electronically in PDF format to the special session organizer. Details of the required paper format is available at the IAS09 official website: <http://www.ias09.org/>

**Important Dates**

Deadline for paper submission: **Mar. 1, 2009**  
Date for notification: **Apr. 1, 2009**  
Date for camera-ready paper submission: **May. 1, 2009**
