Call for Paper

Invited Session on Complex Network and Image Processing
Session Organizer: Prof. Zhe-Ming Lu

We are organizing an invited session on Innovative Embedded Computing for IBICA-2011, which will be held in Shenzhen, China on December 16 – December 18, 2011. This session deals with new technologies for embedded system and application. Topics of interest include, but are not limited to:

1. Small-world network models
2. Scale-free network models
3. Image retrieval
4. Image enhancement
5. Image watermarking
6. Image understanding
7. Image segmentation
8. Image noise filtering
9. Networks in images
10. Application of graph-based features for image processing.

Submissions:
Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE format with title, author's names, affiliation, email addresses, an up to 150-words abstract, and a two-column body with 4 single-spaced pages and with font size at 10 pts.
