

**The Seventh International Conference on Intelligent Information
Hiding and Multimedia Signal Processing (IIHMSP11)
October 14–16, 2011
Dalian, China
CALL FOR PAPERS
Special Session on *Digital Rights Management in Cloud Computing***

This session deals with new technologies for digital rights management mechanisms for cloud computing. This special session combines advanced research themes in intelligent systems, image processing, steganography, as well as cryptography in cloud computing. Topics of interest include, but are not limited to:

1. Content identification including digital watermarking and fingerprinting
2. Security issues, including authorization, encryption, key management
3. DRM and privacy
4. Trusted computing model
5. Content tamper resistance, watermarking, plagiarism detection.

Submissions:

Papers are invited from prospective authors with interest on the related areas. Each paper should follow the IEEE paper format with title, author's names, affiliation, email addresses, an up to 150-words abstract, and a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only and be mailed to: Prof. Wei-Bin Lee at wblee@fcu.edu.tw. Details of the required paper format are published at the official IIHMSP11 website (<http://ssdut.dlut.edu.cn/iihmosp2011/>).
