CALL FOR PAPERS

INVITED SESSION: **Recent Advances in Information Hiding and Enrichment Technologies for Audio and Speech Signals**

This invited session will discuss recent advances in the emerging field of audio and speech information hiding, watermarking and steganography, as well as media enrichment technologies, including the creation, enhancement, and quantification of media contents and its values. The invited session will provide an international forum for researchers and specialists in the fields of multimedia information security, speech and audio signal processing and analysis, as well as other related fields.

Full Paper Due Date: **April 15, 2014**

Notification: **June 1, 2014**

Camera-ready Paper Deadline: **July 1, 2014**

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular invited session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from application-oriented fields in industry and commerce are also welcome.

Each paper should follow the IEEE paper format (DOC, LaTex Formatting Macros, PDF) with the title, the authors' names, affiliations and email addresses, an abstract with up to 150 words, and a two-column body with 4 single-spaced pages and with font size at 10 pts. All papers must be submitted electronically in PDF format only. Details of the required paper format are available at the official IIH-MSP 2014 website (http://bit.kuas.edu.tw/~iihmsp14).
