The Tenth International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2014)

August 27-29, 2014, Kitakyushu, Japan

CALL FOR PAPERS

SPECIAL SESSION: Video Information Processing and Pattern Recognition

This special session is intended to provide an international forum for the presentation of new advances and research results in the fields of video information processing and pattern recognition. The session aims to bring together researchers, engineers and scholar students in the domain of interest to share their experience and discuss advanced techniques. Papers related to the following (but not limited to) topics are encouraged to submit for presentation:

1. Multimedia Contents Analysis
2. Image/Video Recognition, Understanding and Retrieval
3. Human-machine and Human-human Multimodal Interactions
4. Object Detection, Tracking, Segmentation and Recognition
5. Applications of Computer Vision
6. Performance Evaluation

Submissions:
The related researches as well as industrial and commercial products are very welcome submitted to this special session. All contributions should be original and not published elsewhere or intended to be published during the review period. All papers are submitted electronically in PDF format to the special session organizers. Accepted papers will be published in the IIHMSP-2014. At least one of the authors of each accepted paper should register as a full participant of the workshop to have the paper published in the proceedings. Details of the required paper format are available at the IIH-MSP 2014 website (http://bit.kuas.edu.tw/~iihmsp14/).

Important Dates
Full Paper Due Date: **April 30, 2014**
Notification: **Jun 5, 2014**
Camera-ready Paper Deadline: **July 1, 2014**
