The Tenth International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2014)

August 27-29, 2014, Kitakyushu, Japan

CALL FOR PAPERS

SPECIAL SESSION: Network Testbed and Industrial Control System Security

This special session combines advanced research themes in network testbed and industrial control system security. The special session will provide an international forum for researchers and specialists in the fields of network testbed, industrial control system, and cyber -physical systems (CPS).

The scope of this special session includes, but is not limited to, the following:
1. Case studies and applications of network testbed
2. ICS/SCADA vulnerabilities, threats and risks
3. Risk assessment methodologies
4. Modeling and simulation of industrial control system
5. Protocols security

Full Paper Due Date: April 15, 2014
Notification: June 1, 2014
Camera-ready Paper Deadline: July 1, 2014

Submission of Papers
Papers are invited from prospective authors with interests in this special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from applied related fields in industry and commerce are very welcome. All papers are submitted electronically in PDF format to the special session organizers. Details of the required paper format are available at the official IIH-MSP 2014 website (http://bit.kuas.edu.tw/~iihmsp14/). For further information, please contact:

Special Session Organizers:
Yong Peng (yongp@itsec.gov.cn),
China Information Technology Security Evaluation Center, China.
Hai-Hui Gao (gaohh@itsec.gov.cn),
China Information Technology Security Evaluation Center, China.
