The Eleventh International Conference on
Intelligent Information Hiding and Multimedia Signal Processing

September 23-25, 2015
Adelaide, Australia

Call for Papers

Special Session: Security and Privacy Protection in Computer Forensic Applications

This special session combines advanced research topics in digital forensic surveillance technology and procedure, authentication and privacy protection, forensics for digital crime in cloud environments, anti-phishing and online fraud preventions, fragile and robust watermarking for multimedia data, steganography for covert communication and steganalysis. The special session will provide an international platform for the researchers and professionals to exchange their discoveries, practices and cutting-edge research achievements covering those aspects of the forensic and security areas.

Deadline for Submission: April 15, 2015
Notification of Acceptance: June 1, 2015
Camera-ready Deadline: July 1, 2015

Submission of Manuscripts
Manuscripts are invited from prospective authors with the interests in this particular special session and related application areas. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more applied related fields in industry and commerce are also very welcome. All manuscripts are to be submitted electronically in PDF format to the special session organizers by email. Details of the required manuscript format can be found at the official IIH-MSP-2015 website (http://bit.kuas.edu.tw/~iihmsp15/).
