The Eleventh International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP-2015)

23-25 September 2015, Adelaide, Australia

Call for Papers

Invited Session:
Recent Advances in Intelligent Techniques and Soft Computing Approaches for Multimedia Retrieval.

This invited session will discuss recent advances in the field of intelligent techniques/soft computing approaches for multimedia signal processing and document retrieval. Topics of interest include, but are not limited to:

- Feature selection in multimedia.
- Combinatorial optimization in multimedia.
- Audio/speech classification and summarization.
- Emotion multimedia retrieval.
- Speech and speaker recognition on multimedia.
- Indexing and search on multimedia.
- Robust feature extraction and processing.
- Natural language processing for multimedia.
- Speech and audio multimedia applications and services.

We welcome all aspects of the related fields in terms of theories as well as applications. All the accepted papers will appear in the conference proceedings which is expected to be indexed by the IEEE Explore, Scopus and EI.

Important Dates:

Deadline for Submission: **April 15, 2015**.

Notification of Acceptance: **June 1, 2015**.

Camera-ready Deadline: **July 1, 2015**.

Submission of Manuscripts:

Papers are invited from prospective authors with interests in this special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from applied related fields in industry and commerce are very welcome. Details of the required paper format are available at the IIH-MSP-2015 website (http://bit.kuas.edu.tw/~iihmsp15/). All manuscripts are to be submitted electronically in PDF format to the special session organizers by email.
