

The Eleventh International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP-2015)

September 23-25, 2015 Adelaide, Australia

CALL FOR PAPERS

Special Session on Artificial Intelligence and Its Applications

The aim of this session is to highlight the most significant recent developments on the topics of Artificial Intelligence (AI) and to apply AI algorithms in real-life scenario. Contributions containing new insights and findings in this field are welcome. Particular attention will be given to the following theme areas; however, it should be stressed that a broad range of submissions are encouraged. The special session provides an international forum for researchers and specialists from the fields of evolutionary computing and optimization. Other related topics such as intelligence vehicle system, intelligence transportation, routing in wireless sensor networks, etc. are welcome to be shared in this session.

Full Paper Due Date:	May 10, 2015
Notification:	June 01, 2015
Camera-ready Paper Deadline:	July 01, 2015

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this special session and related areas of application. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from applied related fields in industry and commerce are very welcome. Please submit your paper directly to the session organizers **via E-mail**. Details of the required paper format are available at the ICGEC 2015 website (<http://bit.kuas.edu.tw/~iihmosp15/>). For further information, please contact

Special Session Organizers:

Dr. Pei-Wei Tsai (pwtsai@fjut.edu.cn)
Fujian University of Technology, China.
