

The Twelfth International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIHMSP 2016)

November 21-23, 2016 at Kaohsiung, Taiwan

CALL FOR PAPERS

SPECIAL SESSION: SoC Design for Signal Processing

This special session combines advanced research themes in SoC Design and Signal Processing. The special session provides an international forum for researchers and specialists from the fields of VLSI design, Communication Baseband IC and Image Processing for SoC platform. Other related topics such as Digital IC design, Intelligent Video Processing, etc. , are welcome to be shared in this session.

Due Date **of Full Paper: June 15, 2016**

Notification: **August 1, 2016**

Registration and Final **Submission: September 1, 2016**

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this special session and the related application areas. All contributions should be original and unpublished elsewhere or intended to be published during the review period. Contributions from applied related fields in industrial and commercial are very welcome. All papers are submitted electronically in PDF format within 4-page to the special session organizers. The detail information of the paper format is available at the IIHMSP2015 website (<http://bit.kuas.edu.tw/~iihmosp16/>).

For further information, please contact

Special Session Organizers:

Prof. Chih-Feng Wu (tfeng.wu@gmail.com)

School of Information Engineering and Technology,

Fujian University of Technology

Prof. Wen-Kai Tsai (twk@nfu.edu.tw)

Department of Electrical Engineering,

National Formosa University
