

THE TWELFTH INTERNATIONAL CONFERENCE ON INTELLIGENT INFORMATION HIDING AND MULTIMEDIA SIGNAL PROCESSING

(IIH-MSP 2016)

November 21-23, 2016,

Kaohsiung, Taiwan

CALL FOR PAPERS

SPECIAL SESSION: Multimedia analysis and security

This session focuses on multimedia analysis and security. The special session invites fundamental techniques and algorithms for multimedia signal processing and security issues, as well as emerging applications related with this topic. The invited session will provide international forum for researchers and specialists in the fields of data hiding, digital watermarking, visual and acoustic forensics and authentication, biometric identification, image processing and analysis, and so on.

Full Paper Due Date: June 15, 2016
Notification Date: August 1, 2016
Camera-ready paper Deadline: September 1, 2016

SUBMISSION OF PAPERS

Papers are invited from prospective authors with interests in this particular special session and related areas of applications. All contributions should be original and not published elsewhere or intended to be published during the review period. Contributions from more applied related fields in industry and commerce are very welcome. All papers are to be submitted electronically in PDF format within 4-page to the special session organizers. Details of the required paper format are published at the official IIHMSP'16 website (<http://bit.kuas.edu.tw/~iihmosp16/>).
