The 15th International Conference on Intelligent Information Hiding and Multimedia Signal Processing (IIH-MSP 2019)

The 12th International Conference on Frontiers of Information Technology, Applications and Tools (FITAT 2019)

July18-20, 2019, Jilin, China

CALL FOR PAPERS

INVITED SESSION: **Intelligence Computing and Digital Simulation**

This special session will discuss recent advances in the popped up intelligence computing such as Deep Learning, Transfer Learning, GANs, Cloud Computing, Creative Computing etc. This session will also discuss some applications of its simulation fields. Contributions containing new insights and findings in this field are welcome. It provides an international forum for researchers and specialists from the field of merging techniques and its applications. Although particular attention will be given to the above areas, it should be stressed that a broad range of submissions are encouraged.
